

**VOC CONTENT
- DIATHONITE EVOLUTION -****TEST REPORT NUMBER: RPDS 0079/2015, 10nd/12/2015**

HOLDERS	Diasen s.r.l.
ADDRESS	Zona Industriale Berbentina 5 60041 Sassoferrato (AN)

Introduction

This test report describes the VOC content of the natural eco-friendly thermal plaster called "*Diathonite Evolution*" and it is based on internal method.

The results are therefore indicative and may vary even significantly compared to values determined in laboratories according to the measurement conditions, the tools used and mode of application of the plaster itself.

Results

The natural eco-friendly thermal plaster "*Diathonite Evolution*" is composed by raw materials that do not contain VOC (Volatile Organic Compounds), so the product "*Diathonite Evolution*" itself does not contain VOC.
