

Ecological Building Systems virtual training

- All training delivered by our qualified technical experts
- Qualifies for structured CPD points with attendance certificates issued
- Virtual, live training with opportunity for Q&A
- Free dedicated design review available with a technical expert
- Sustainable building solutions for retrofit and new build
- Topics repeated over the year so you don't miss out

Industry leading training
on new build and retrofit
construction methods
using sustainable materials

Virtual CPD and training calendar 2025

Version 1
December 2024

To find out more about training, visit ecologicalbuildingsystems.com/training-courses

January		
Wednesday 8th January	1-2pm	Airtightness and Active Moisture Management
Wednesday 22nd January	1-2.30pm	Breathable Internal Wall Insulation Systems for Single Leaf Masonry Walls
February		
Wednesday 5th February	1-2pm	Airtightness, Weathertightness and Wood Fibre Insulation of CLT
Wednesday 26th February	1-2pm	New Build Construction using Wood Fibre Insulation
March		
Wednesday 5th March	1-2.30pm	Breathable Internal Wall Insulation Systems for Single Leaf Masonry Walls
Wednesday 12th March	9-11am	How to Internally Insulate Solid Stone and Brick Walls
Wednesday 19th March	9am-12.30pm	Roofs, External Walls & Floors - Best Practice Refurbishment Solutions for Residential Projects
Wednesday 26th March	9am-12.00pm	Achieving Airtightness, Why and How: The need for joined-up thinking for joined-up building
April		
Wednesday 2nd April	1-2pm	IndiBreathe Flex
Wednesday 30th April	1-2pm	Airtightness and Active Moisture Management
May		
Wednesday 14th May	1-2.30pm	Optimising Indoor Air Quality with Inventer Decentralised Ventilation Systems
June		
Wednesday 4th June	1-2pm	Airtightness and Active Moisture Management
Wednesday 18th June	1-2.30pm	Breathable Internal Wall Insulation Systems for Single Leaf Masonry Walls
July		
Wednesday 2nd July	1-2.30pm	Optimise Building Performance with Bosig Phonotherm 200 Structural Thermal Bridge Solutions
Wednesday 16th July	1-2pm	New Build Construction using Wood Fibre Insulation
September		
Wednesday 3rd September	1-2.30pm	Passive EcoWall: A Low-Carbon Building Solution for Timber Frame Passive House
Wednesday 17th September	1-2pm	Airtightness, Weathertightness and Wood Fibre Insulation of CLT
October		
Wednesday 1st October	9-11am	An Introduction to Airtightness and Moisture Management
Wednesday 8th October	9-11am	Airtightness: It's all in the Detail – Solutions, Build Types and Critical Junctions
Wednesday 15th October	9-11am	Airtightness Specification Drawings – The Process from a Contractors Perspective
Wednesday 22nd October	9-11am	Airtightness - Putting the Theory into Practice
November		
Wednesday 5th November	1-2pm	Gramitherm
Wednesday 19th November	1-2.30pm	Breathable Internal Wall Insulation Systems for Single Leaf Masonry Walls
December		
Wednesday 3rd December	1-2.30pm	Optimising Building Performance with Wellhöfer Airtight Insulated Attic Hatch Solutions
Wednesday 10th December	1-2pm	Airtightness and Active Moisture Management

Above details may be subject to change, please refer to our website for the latest information.

For over 20 years, Ecological Building Systems has been at the forefront of environmental and sustainable building products supplying a range of innovative airtightness solutions and natural insulations backed up with expert technical support.

As product suppliers in the UK and Ireland, we're happy to assist you with your projects and have expert technical and sales advice on hand.
